

## OFFICE OF EDUCATION TO DENMARK, FINLAND, GERMANY, NORWAY AND SWEDEN

### ABOUT US:

Our office is in charge of several education programs from the Spanish Ministry of Education to improve the knowledge about other countries' education systems, languages and cultures. We usually work in partnership with other official agencies, school districts or teachers' associations.

### OUR GOALS ARE:

- Enhance EU languages proficiency and increase teachers' and students' awareness and appreciation of each other's cultures.
- Promote the use of Spanish in particular; strengthen links between participating education communities and set up future exchanges.
- Exchange good teaching practices and instructional skills and tools.

EMBAJADA DE ESPAÑA EN ALEMANIA

CONSEJERÍA DE EDUCACIÓN

## SPANISH VISITING TEACHERS

Visiting teachers are part of the mutual educational and cultural agreements between Spain and other countries. Highly qualified teachers from Spain are hired to teach Spanish as a Foreign Language as well as other subjects in bilingual programs in all school levels in public and private schools for a minimum period of one year.

## SPANISH LANGUAGE AND CULTURE ASSISTANTS

Spanish BA graduates spend one year abroad working in elementary, middle or high schools, assisting teachers of Spanish language and culture.

## FOREIGN LANGUAGE AND CULTURE ASSISTANTS IN SPAIN

This is the equivalent of the previous one, but addressed to foreign citizens who want to spend a year as teacher assistants in Spain. They receive a monthly stipend and medical insurance.

## TEACHER MOBILITY

The Ministry of Education provides a mobility allowance for Spanish teachers to visit European schools for two weeks.

The teacher retains his/her salary, rights to social security and medical insurance and obtain a 60-hour training certificate when submitting the final report.

## SCHOOLS EXCHANGE

We reach out partner governmental agencies and Embassies to identify teachers that want to complete a two-week stay in a Spanish school from October to April.

We also facilitate school exchanges in Spain.

## TEACHER TRAINING

We provide free teacher training courses, workshops and seminars for teachers and students, teaching material and a cultural program.

## DIGITAL LIBRARY ELEO AND SHORT FILMS CATALOGUE "AULA CORTO"

Free access to e-books, publications, short films and resources for teachers. We also promote a strong digital community through twitter, blogs, webs, and so forth.

## CONFERENCES AND CONTESTS

We organize and participate in events related to the learning and teaching of Spanish language and culture, usually in cooperation with foreign universities, Spanish teachers associations, Institute Cervantes, etc.
